 Inseam	22	24	26	28	30	32	34	36	38	40

- PRINTING INSTRUCTIONS**
- Tiana's Closet sewing patterns are made in standard US format, which means all sizes are listed in centimeters and inches. It is recommended to use Adobe Acrobat Reader for digital version or high quality laser or inkjet printer. If you are using an inkjet printer, please use 300 DPI or higher to ensure the best quality of the printed patterns. The patterns are designed to be printed on standard letter or A4 paper.
 - When printing the patterns, go to their settings, in the page scale choose Custom (not 100%) to change from 100% to print the file. Then, when you print, choose the printer that you want to use. When you choose 100% scale, you will have to adjust the size to 100% or larger than 100% and measure the test square if it is not the true size.
 - The test square is 10 centimeters (horizontal) and 4 inches (vertical). Always print the first page of the file and measure to avoid waste of paper.
 - After printing the patterns, cut the pieces along the lines with sharp scissors, aligned with the edges according to the instructions. For example, page 1A is a top to top edge. If the top edge is a top to top edge, it is a top to top edge. Please see the page 1A for more instructions to see how the pieces are cut.
 - You can find photo instruction for printing sewing patterns on Tiana's Closet website: <https://www.tianascloset.com/closet-printing-instructions>
