Hip	34	36	38	40	42	44	46	48	50

PRINTING INSTRUCTIONS

Tiana's Closet sewing patterns are made in standard PDF format, which means all files are saved in one file and can be shown or hidden. It is recommended to use Adobe Acrobat Reader (available on Mac, PC, and on Windows) to view PDF files. (Note: This works on Windows only to avoid the file corruption, in order to check the pattern pieces, go to View > of your PDF reader, uncheck all content except for the content area and the file will be shown.)

When printing the pattern, go to Print settings, in the top bar choose Custom (not 100% or Scaling) and in Actual Size to print. You can also choose some completion per page from the bar when you choose 100% scale, so you will have to adjust the page to a size larger than 100% and increase the file size until you get the full size.

The pattern is to be printed horizontally and 4 inches vertically.

Always print the first page of the file and measure to avoid waste of paper.

After printing the pattern, cut the paper along the lines with scissors, and keep the paper according to the sequence for assembly page. It is important to print in the same order. It is important to print page 2A in a column. Please see the page below to see how the page line is.

You can find photo instruction for printing sewing patterns on Tiana's Closet website: <https://www.tianascloset.com/2018/05/15/how-to-print-sewing-patterns/>
