<b> Hip</b>	34	36	38	40	42	44	46	48	50

**PRINTING INSTRUCTIONS**

Tiana's Closet sewing patterns are made in standard US format, which means all sizes are listed in one file and can be shown or hidden. It is recommended to use Adobe Acrobat Reader (paid version or trial) or Adobe Reader (free) to view the patterns. If you are using a PDF viewer that does not work on Windows, you can use the free software, Foxit Reader, to view the patterns. In order to choose the correct size, go to the size chart on your PDF viewer, which will show the correct size for the pattern and the size of the size.

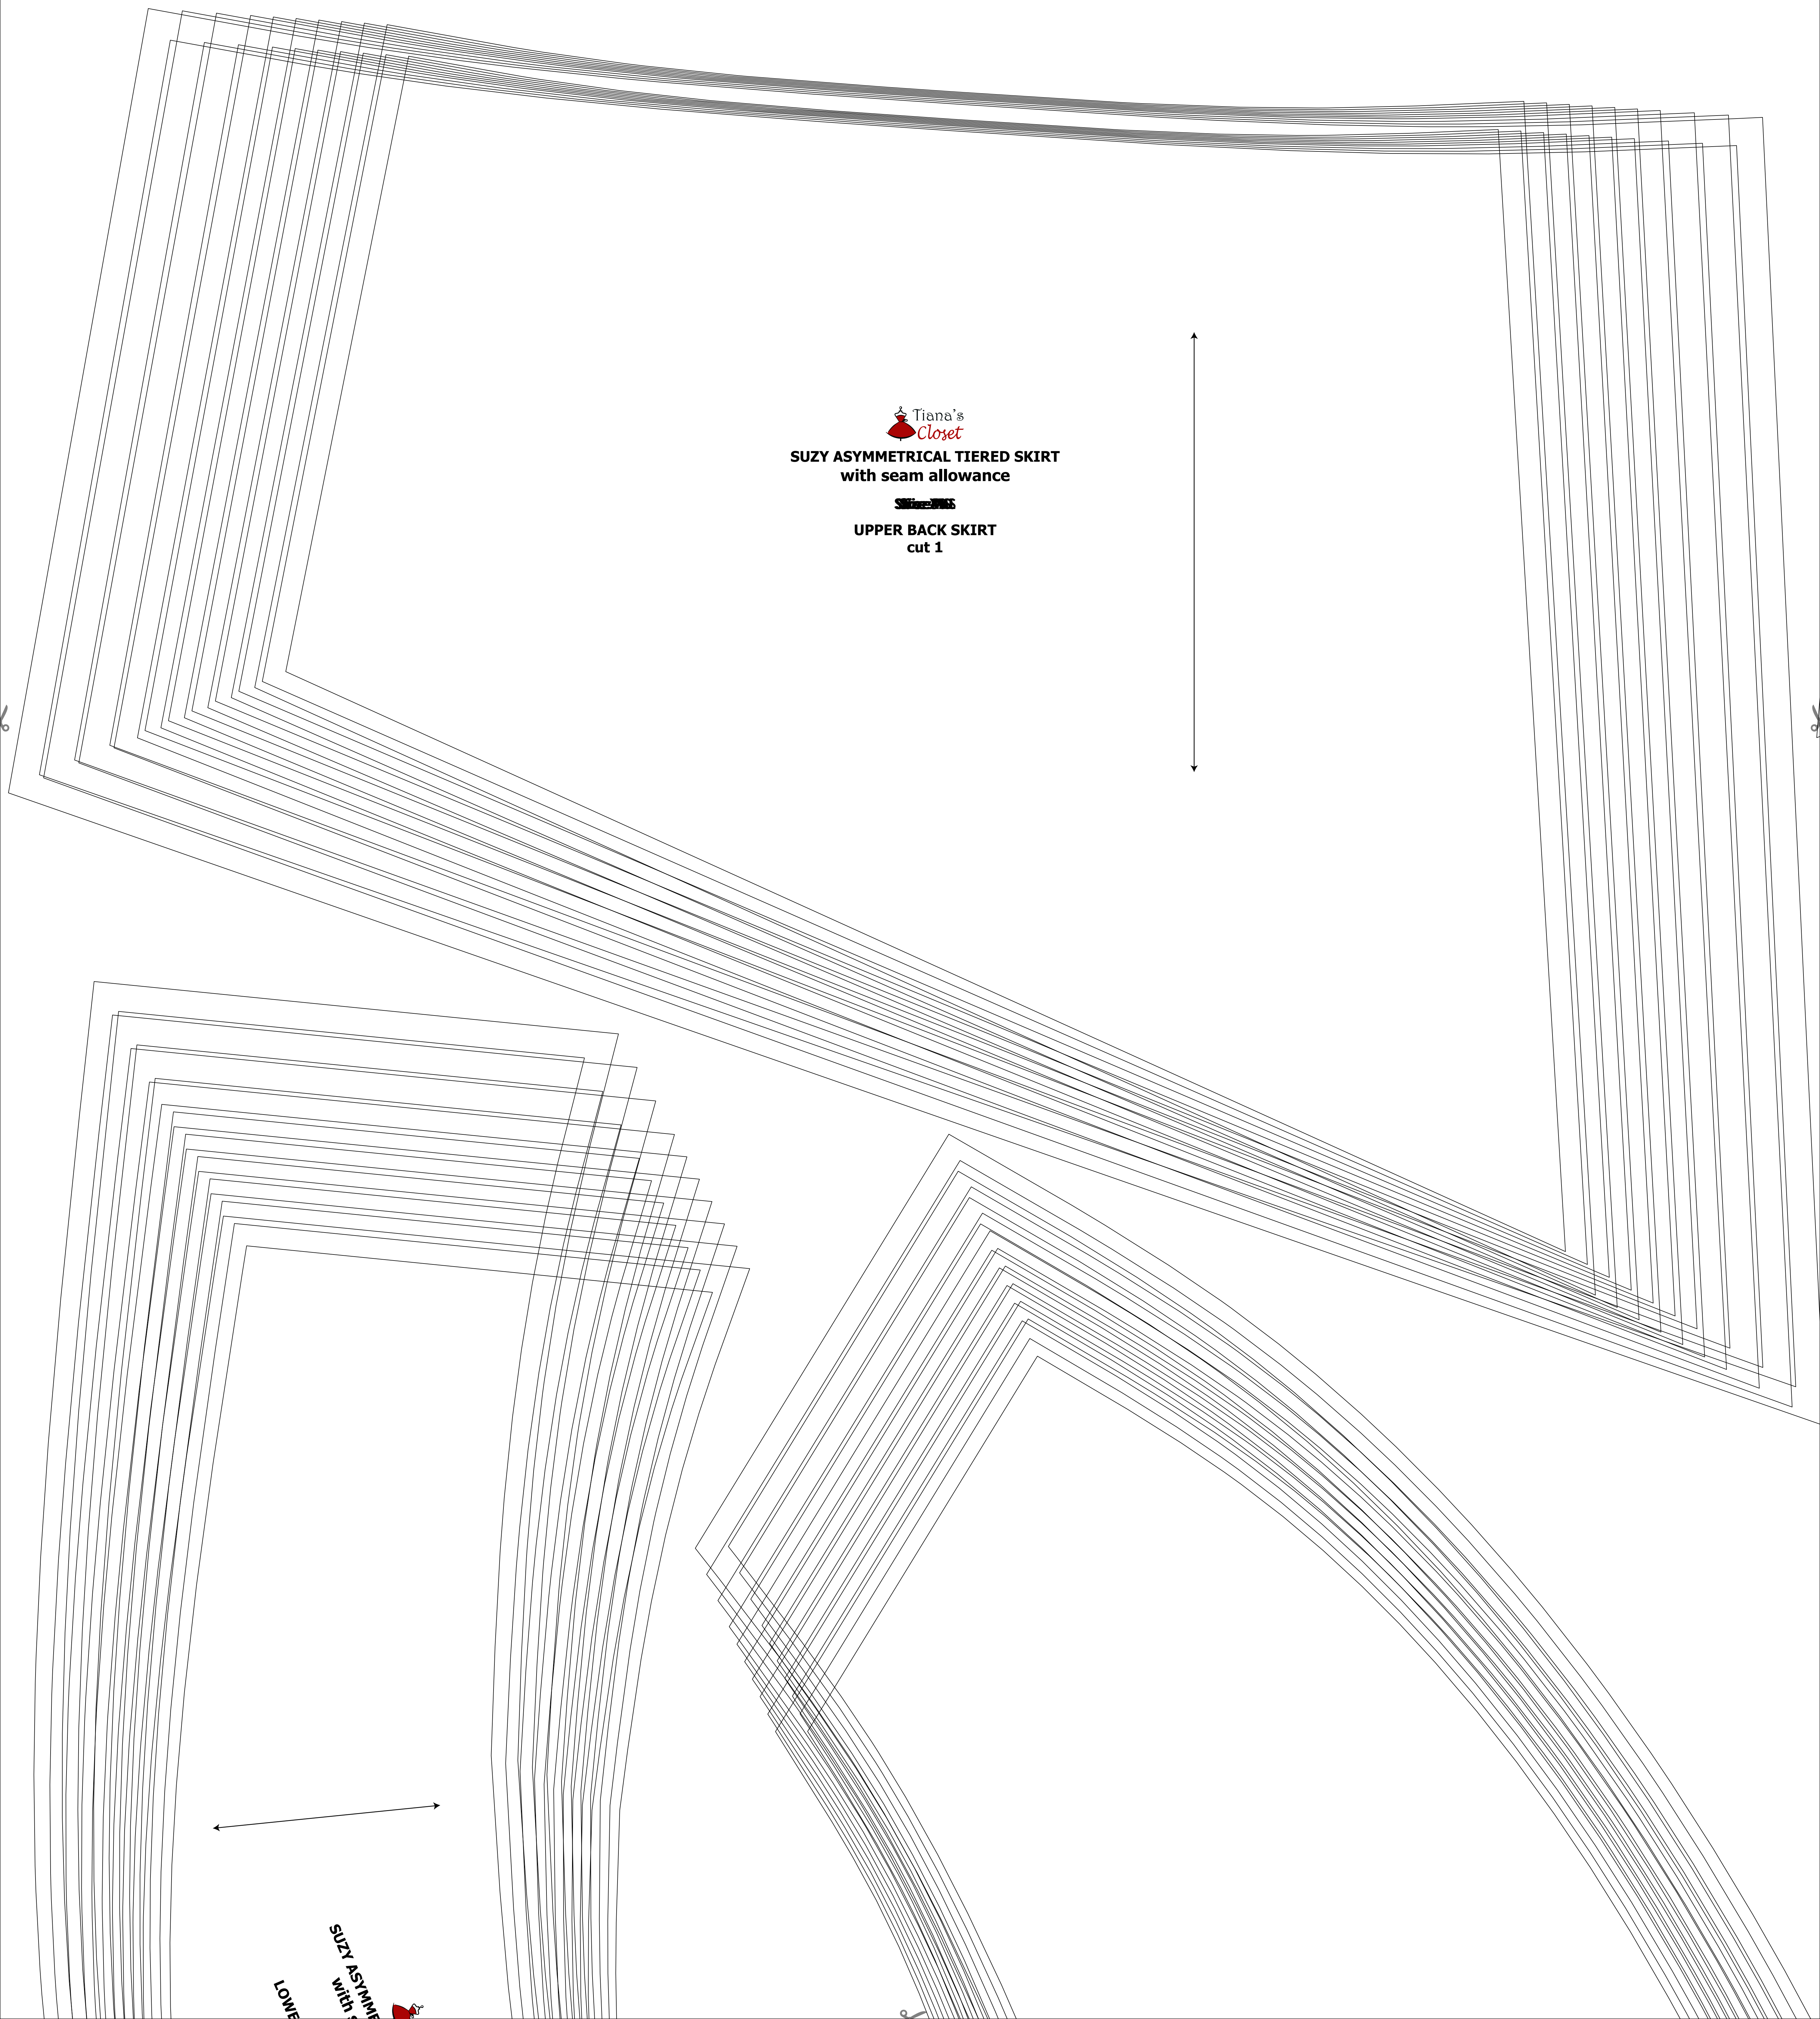

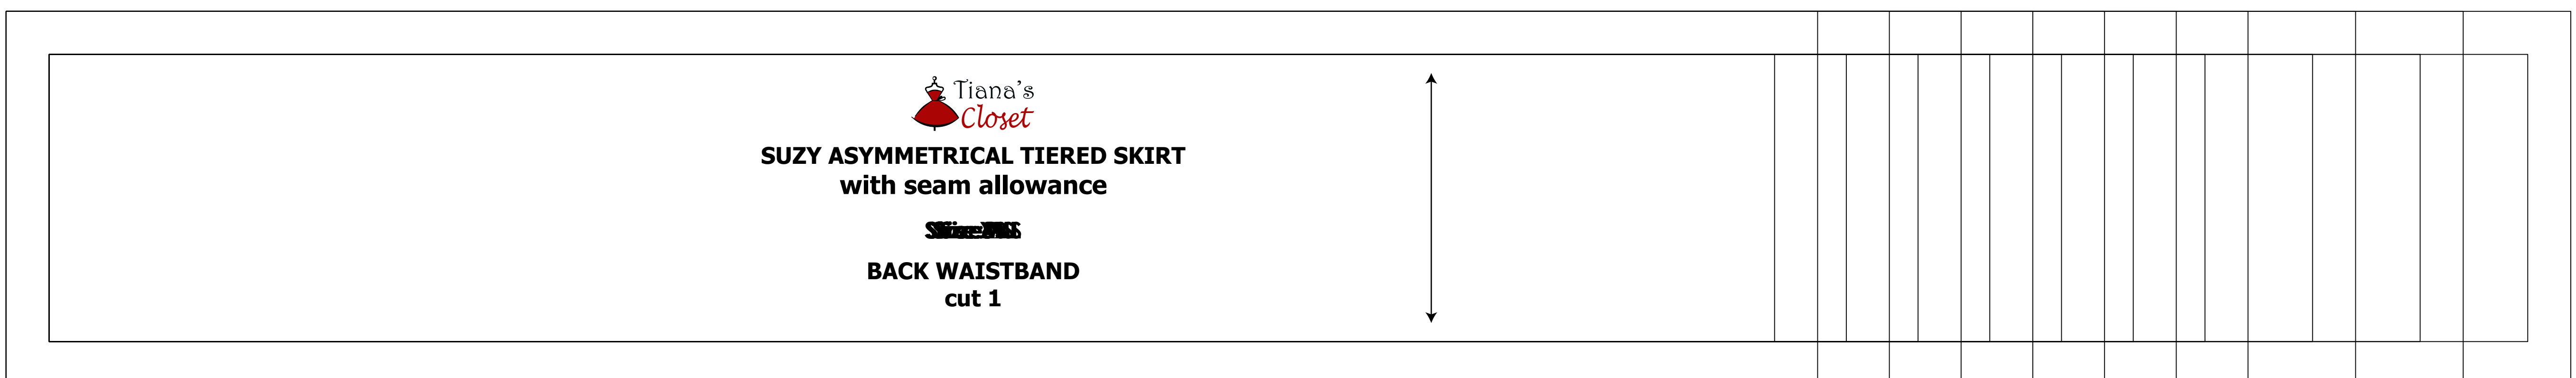

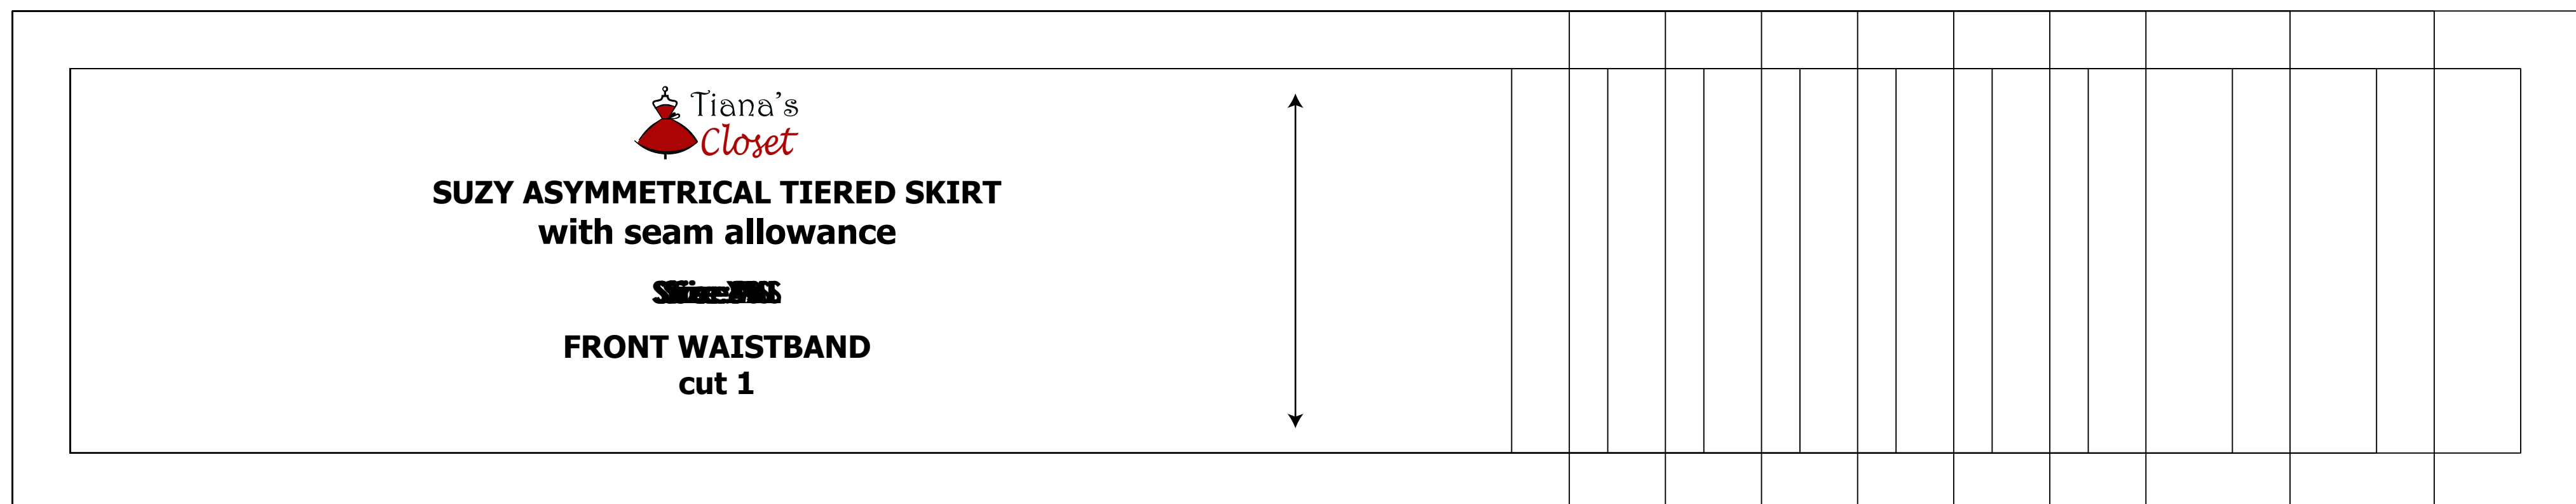

When printing the pattern, go to Print settings, in the top right corner choose Custom print, 100% for scaling, choose Actual Size to print, 100% for scale. Some printers compress the pattern from the line when you choose 100% scale, so you will have to adjust the scale to 110% larger than 100% and measure the test square 4" x 4" to get the true size.

The pattern is in centimeters (horizontal) and 4 inches (vertical).

Always print the first page of the file and measure to avoid waste of paper.

After printing the pattern, cut the paper along the lines with scissors, edge and keep the paper according to the instructions for example, page 1A is taped to page 1B in row and page 1A is taped to page 2A in a column. Please see the page below to see how the pattern is cut.

You can find photo instruction for printing sewing patterns on Tiana's Closet website: <https://www.tianascloset.com/2018/08/15/how-to-print-sewing-patterns/>
