In order to choose the correct size, go to the top of your PDF viewer, click on the size you need for the pattern and print the file to your printer.

When printing the pattern, go to Print settings, in the top right corner choose Custom print, 100% for scaling, choose Actual Size to print, make sure the printer is set to print on one side of the paper. If you are using a browser, please use the Print function (File > Print) to print the patterns. In order to choose the correct size, go to the top of your PDF viewer, click on the size you need for the pattern and print the file to your printer.

The pattern is in centimeters (horizontal) and inches (vertical).
