 Length	24.5	25.5	26.5	27.5	28.5	29.5	30.5	31.5	32.5

PRINTING INSTRUCTIONS

Tiana's Closet sewing patterns are made in layered PDF format, which means all files are saved in one file and can be opened or printed. It is recommended to use Adobe Acrobat Reader (latest version on Mac, OS, free on Windows) or Foxit PDF Reader (free, with an extension only) to read the file correctly in order to choose the desired layer(s). Go to Layer tab of your PDF reader, uncheck all boxes except for the desired layer(s) and Print for all sizes.

When printing the pattern, go to Print settings. In the top right corner, choose Custom Scale (20% for Single Layer or Actual Size) to print true to size. Note: some computers print smaller than the size even when you choose 100% scale, so you will have to adjust the scale to a higher layer than 100% and measure the test square and you get the true size.

The test square is 10 centimeters (four inches) and 4 inches (ten centimeters).

Always print the first page of the file and measure to avoid waste of paper.

After printing the pattern, cut the paper along the lines with scissors, edge and tape together according to their sequence. For example, page 1A is taped to page 1B to the end, and page 1A is taped to page 2A to its corners. Please see the image below to see how the pattern fits.
