PRINTING INSTRUCTIONS

Tiana's Closet sewing patterns are made in Unisex PDF format, which means all sizes are covered in one file and can be printed at home. It is recommended to use Adobe Acrobat Reader (available for free) to view the patterns. To ensure the patterns print correctly, please check the printer settings and the paper size. The patterns are designed to be printed on standard letter size paper (8.5 x 11 inches). If you are using a different paper size, you may need to adjust the scale. The test square is 10 centimeters (4 inches) and is used to ensure the patterns are printed correctly.

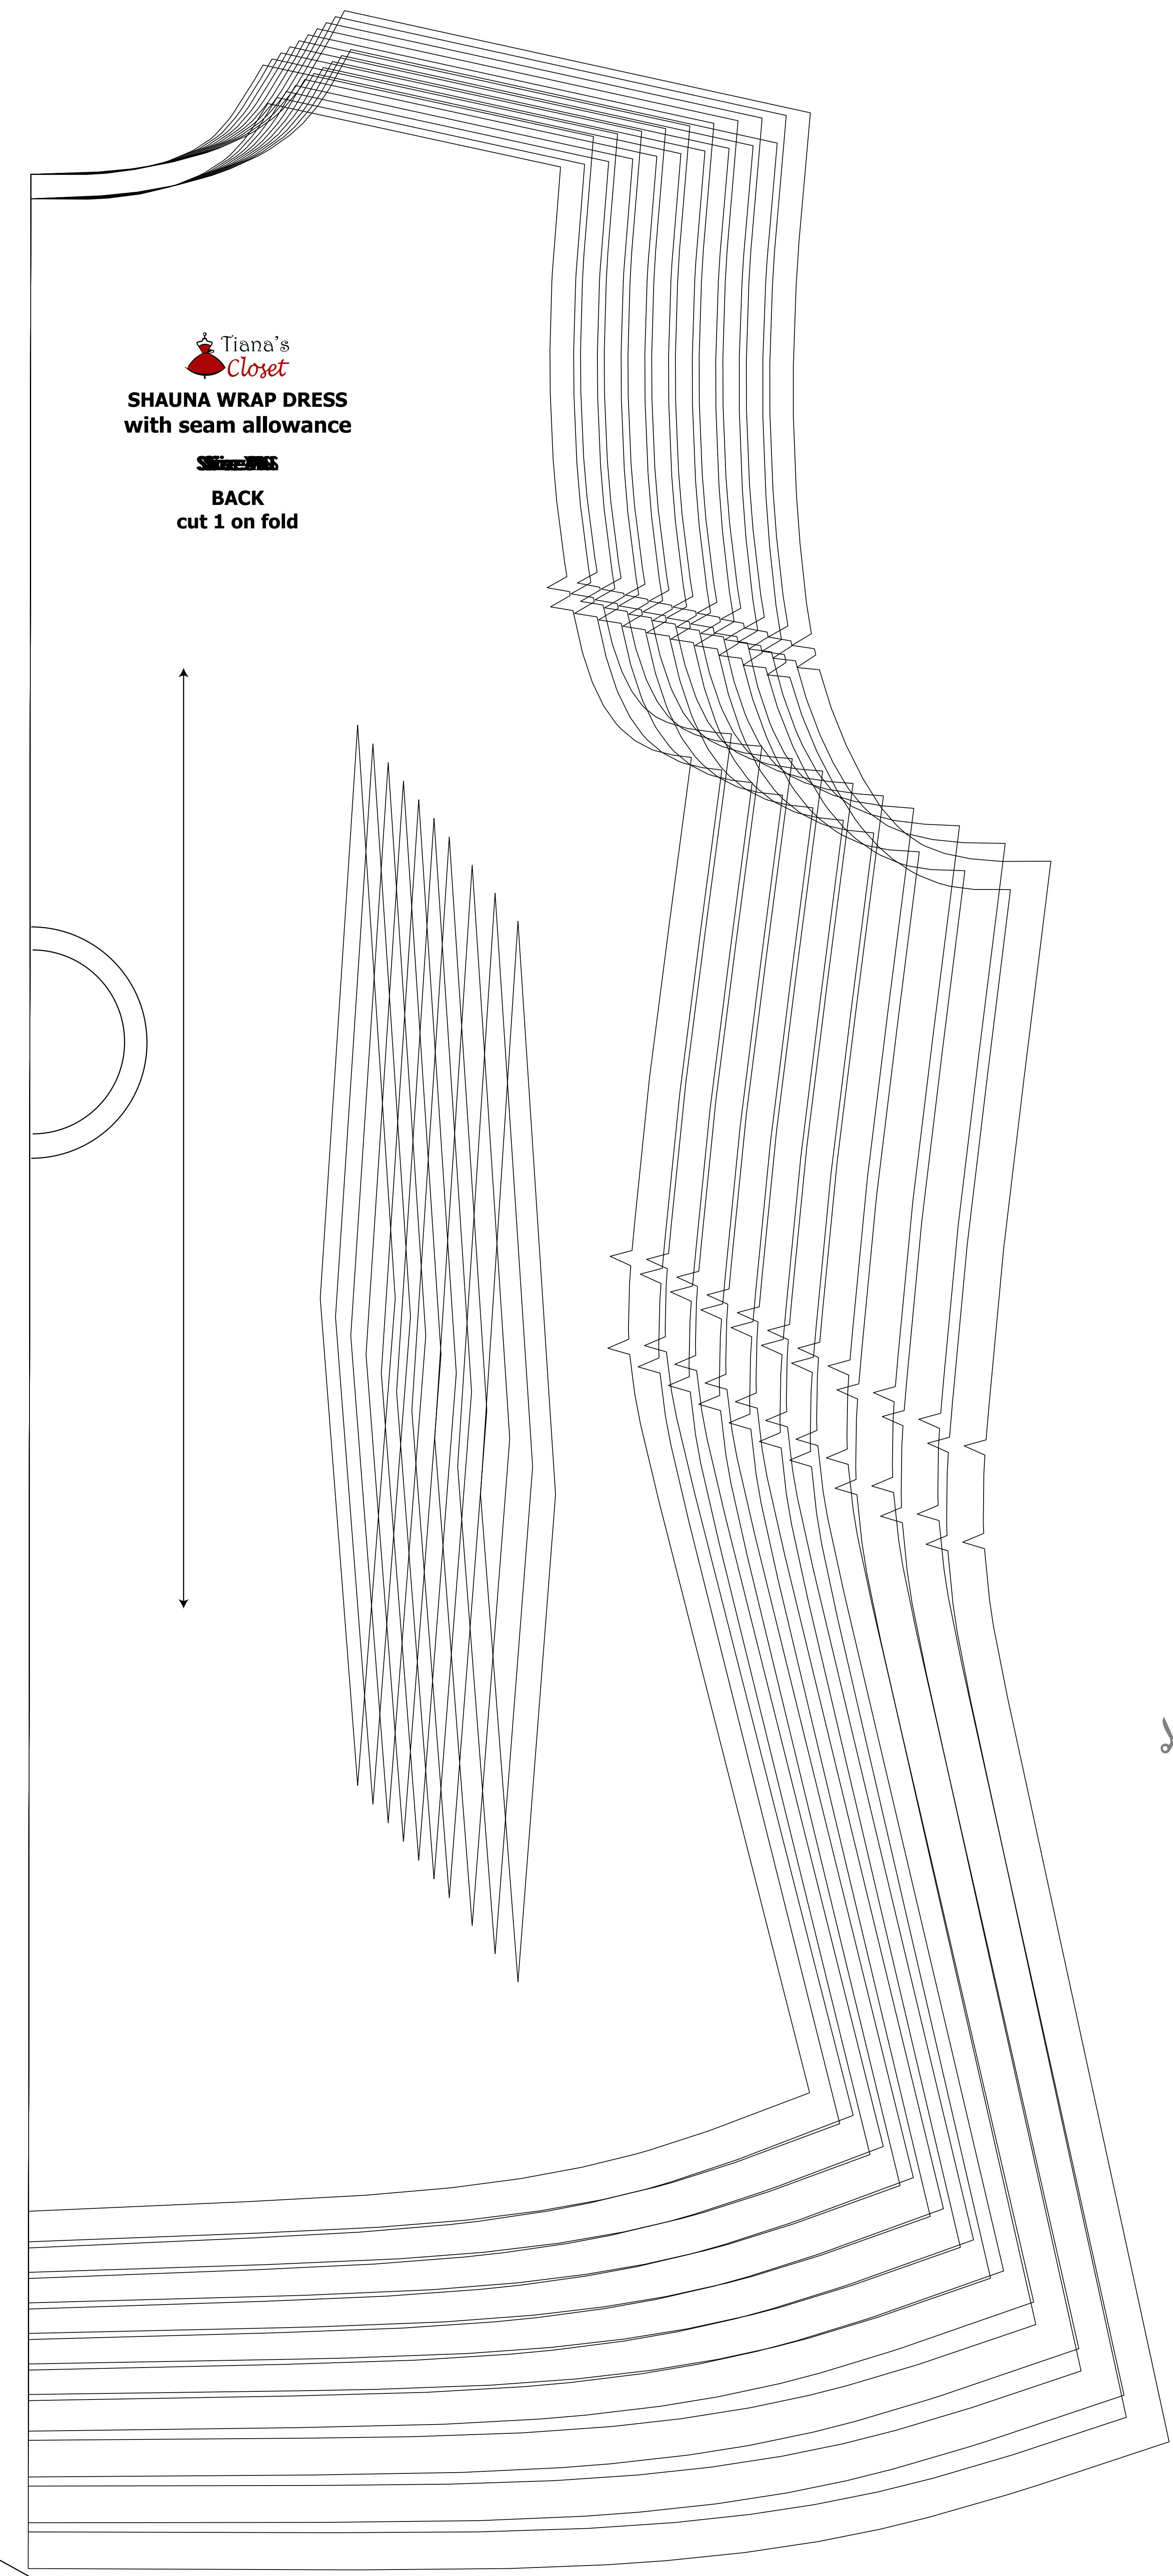

When printing the patterns, go to the settings on the left side of the printer dialog box and set the scale to 100%. If you are using a different paper size, you may need to adjust the scale. The test square is 10 centimeters (4 inches) and is used to ensure the patterns are printed correctly.

After printing the patterns, cut the pieces along the lines with clean, sharp edge and lay the pieces according to their grainline. The neckline is 1/2 inch (1.3 cm) deep and the waist is 1/2 inch (1.3 cm) deep. Please see the project notes to see how the pieces fit.
