PRINTING INSTRUCTIONS

Tiana's Closet sewing patterns are made in standard PDF format, which means all sizes are stored in one file and can be shown or hidden. It is recommended to use Adobe Acrobat Reader (not the free version). To help you view the PDF file, please download the software from the Adobe website. Please do not use the free version of Adobe Reader (not the free version) as it may not work properly on Windows and may not be able to open the PDF file. Please do not use the free version of Adobe Reader (not the free version) as it may not work properly on Windows and may not be able to open the PDF file. Please do not use the free version of Adobe Reader (not the free version) as it may not work properly on Windows and may not be able to open the PDF file.

When printing the pattern, go to Print settings. In the top bar, choose Custom print, 100% for Scaling, Name as Actual Size for print. You can also choose to print all pages or just the pattern pieces. Make sure you choose 100% scale, so you will not have to adjust the size to fit larger than 100% and preserve the fit space and you get the full size.

The pattern is a commercial pattern and is not to be distributed or sold without permission.

Always print the first page of the file and measure to avoid waste of paper.

After printing the pattern, cut the paper along the line with scissors, ruler and paper. Please be accurate according to the measurements for example, page 1A is labeled to 1/4 inch in the drawing. This label is on page 2A in a column. Please see the page below to see how the page line is.

You can find photo instruction for printing sewing patterns on Tiana's Closet website: <https://www.tianascloset.com/2020/02/15/2020-pattern-printing-instruction/>
