The test square is 10 centimeters (horizontally) and 4 inches (vertically).

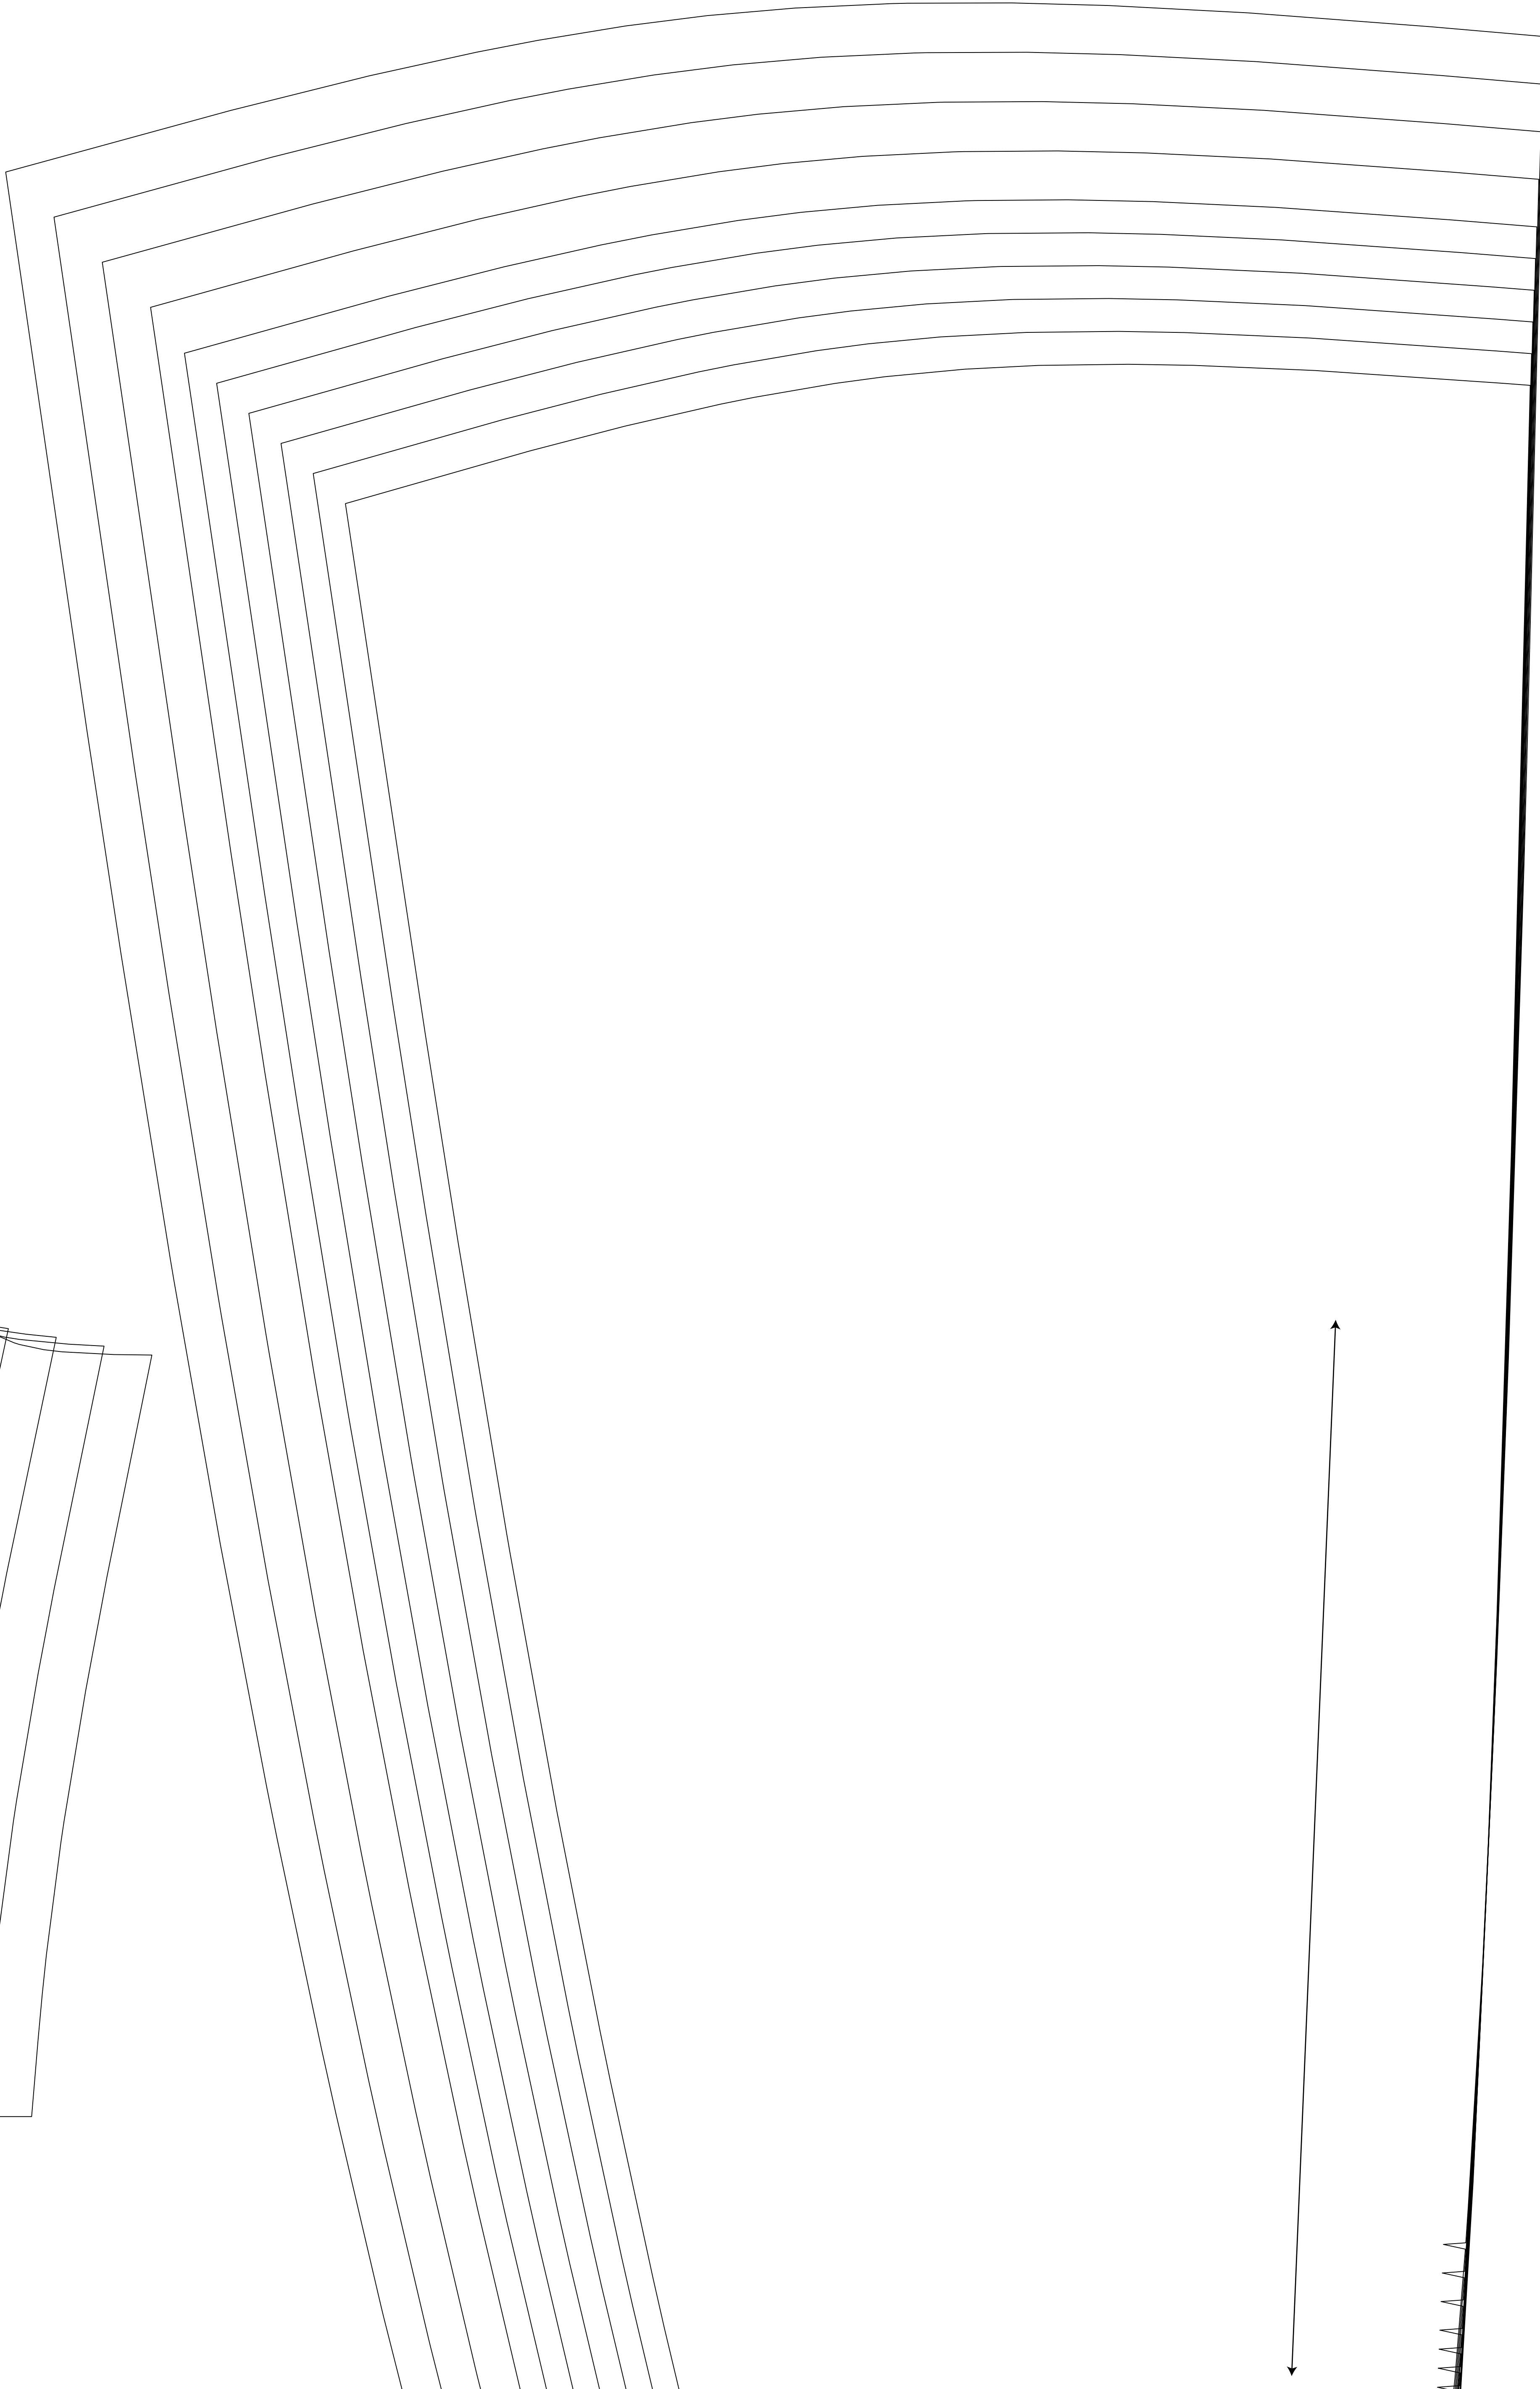

After printing the patterns, cut the paper along the lines with a sharp utility knife and then the pieces according to their sequences. For example, page 1A is based on page 1B to be used as a collar. It is based on page 2A to be a collar. Please refer to the page order in the table on page 2A for a complete list of pages.
